

WITH CURBSIDE SOS, YOU ARE THE FUTURE OF TOWING.

NO MOTOR CLUBS. NO NETWORKS. MORE POLICE JOBS. MORE CASH CALLS.

Get access to every local police job, for free

Really. We won't take a penny from Police Dispatch or Tow Companies for local dispatch jobs because we see the need to improve safety by clearing roads faster. And technology does that better than phone calls.

- Police dispatch will reach out to all tow companies for every job.
- Save fuel and reduce deadhead miles, taking jobs closest to your tow ops.
- Your tow ops can see job details, get directions, and update job status from the truck.
- Real-time GPS tracking makes ETA visible to you and Dispatch.
- All job details are saved as digital records that can be searched and shared.
- Insurance companies and motorists pay you directly.
